# ABOUT US

Founded in 2002, Baxton Studio is dedicated to making stylish, high-quality design accessible to all. As a wholesaler, we offer a large assortment of furniture, lighting, and home accessories that suit every aesthetic and budget. We work closely with our factory partners in Asia to optimize design and packaging, ensuring that our customers receive well-made pieces that remain fixtures in their homes for years to come.

Inside this catalogue, you'll find a wide array of products for all rooms in the home, including the living room, dining room, and bedroom. Our premier category is beds, which spans hundreds of styles of platform beds, storage beds, daybeds, and more. From antique oak and classic beige linen to sleek metal and sumptuous pink velvet, we offer both traditional and fashion-forward finishes and fabrics. Our collections range from mid-century modern to French Provincial, allowing customers to build a space that reflects their own unique vision.

Every day, we drop-ship thousands of packages to end customers who order through our retail partners. All of our products ship from two warehouse facilities in Illinois and California, enabling us to provide fast and reliable delivery within the continental USA and Canada.

At Baxton Studio, our passion doesn't just end at great design. We're also committed to providing attentive customer service, both pre-sale and post-sale. Our customer service team consists of highly knowledgeable individuals who are always on hand to assist with any product and order inquiries. We value all customer feedback and consistently work to make our brand one that is synonymous with exceptional quality and service.
