MILESTONES

2005-2007 UNDERWAY PHASE

Higold Outdoor Furniture Company—member of Higold Group, was officially established in 2005 as an outdoor furniture manufacturer. Started off as an OEM manufacturer, our quality and our service attracted a lot of trading and export companies as clients. In 2006, a new building with 8,000m² was built to meet the extension of product to stainless steel, textile and teak items giving our clients more alternatives and choices. Our products were exported to Sweden, the Netherlands, Germany, Spain, France, Italy, and Austria giving our company a trustworthy and solid name in the outdoor furniture industry.

2008-2009 TRANSITION PHASE

In 2008, a new 30,000m² plant was built and added into our property. Thus, we once again increased our staff members from 250 to 600. At the same year, a fully-automatic spaying line was launched and we successfully obtained ISO9001 quality management system certification which secures Higold as a leading manufacturer for Outdoor Furniture. In 2009, a very strong R&D team was set up and with the designers from various countries, mostly European and Australian countries. The furniture designs are patented and copyrighted. In the same year, Higold set up a showroom of 2,000m² for an outdoor exhibition of furniture and started introducing and using a series of modern systems and models, including ERP(Enterprise Resource Planning), PDM(Product Data Management), CRM(Customer Relationship Management) and EPM(Enterprise Project Management) to boost company competitive edge.

2010-2011 RAPID DEVELOPMENT PHASE

In 2010, another 2,000m² was also added for exhibition of the latest conceptual products. In September, we attended our first SPOGA exhibition show in Germany. Shortly after, world's best-known companies like Kaja Horeca Interieurs of the Netherlands, XXXLUTZ of Austria, Destiny Deutschland GmbH of Germany and etc. became regular customers of Higold. In 2011, Iberostar Hotels & Resorts of Spain, GROUPE Mr. Bricolage of France, Club Piscine of Canada, OBI Group of Germany and HUDSON'S BAY, Costco started the cooperation with Higold. Meanwhile, we acquired the BSCI report with a "good" result, which further secures Higold as a leading manufacturer.

2012-2014 INNOVATION PHASE

In 2012, Higold earned the opportunity to cooperate with Landmann and Metro from Germany. In 2013, we signed the contract for the 1st exclusive shop in Foshan, and it sets a significant milestone for developing local market. In 2014, Higold took advantage of Kuka (Germany) Robot and Fonix(Sweden) welding technology in production, thus largely improving the production efficiency and offering better service to all clients. In March, Higold won the Reddot Award and Red Star Award 2014 for its excellent design of Shenzhou X collection. In October, Mr. Nicolas Thomkins joined in Higold design team and became the chief designer of Higold. More should be shared and be proud is that a group of exclusive shops were set up at home and abroad. Meanwhile, we had done some nice project cases, like outdoor project of Beijing W Town, Hilton Hotel in Yunnan and Sheraton Hotel in Zhanjiang City of Guangdong Province.

2015-2017 BRAND PROMOTION PHASE

In 2015, we signed up the exclusive contract with 5 clients from local market and 3 clients from overseas market, they are from Shanghai, Hangzhou, Xi'an, Zhengzhou, Kunming, Florida of U.S.A., Qatar and Australia. In November, another exclusive shop with an area of over 600m² opened close to Amsterdam and received celebrities from the furniture business world. In 2016, More than 40 Higold new furniture shops were set up from both overseas and domestic market, such as U.S.A., U.A.E., Spain, Italy, Norway, Slovakia, Czech, Malaysia and etc. from overseas market, and from local market it has covered all the capital cities and main areas. Westin hotel project of Malta and the Sunny Isles Apartment projects from Jade Beach, Florida and the Wyndham Hotel of Lihe, Sanya, Amy hotel of Huizhou and etc. are among the main projects we have cooperated in 2016. In addition, Pininfarina designers had been invited to design our new head office since June as well as outdoor furniture designs, which had enhanced the international branding image of Higold up to a higher level in terms of a long-run development. Moreover, Carrefour, Metro, Lowe's, Crate&Barrel and other big buyers have started the partnership with Higold.

2018-2019 GLOBAL BRANDING PHASE

In 2018, we expanded the production base to 60,000 m², increased automation equipment and upgraded our information management system. The showroom has increased to 3,500 m² and is fully designed for high-end configurations. Product research and development adhering to the principles of precision design, craftsmanship, and detail-oriented principles, focuses on quality-winning goals. And we started to participate in the Fuori Salon in Milan, Italy. In addition, we have built up our strategic cooperation with more than 30 international high-end hotels around the world, such as Delfins Beach Resort of Bonaire, Sani and Ikos Resort Hotel of Greece, Hainan Marriott Hotel, Sanya Capelle Hotel and Dongguan Goodview Hotel and etc.. In 2019, the company's production capacity has been greatly improved, its quality reputation has got well-known throughout the world, its sales channels have become diversified, its talent team has been globalized, and its brand influence has explored dramatically. In order to realize greater growth, we have cooperated strategically with several international well-known design institutes and large-scale high-end brand chain channels.

2020-2022 GREAT EXPANSION PHASE

In 2020, ONDA sunbed had won the iF design award from Germany for its elegant design. And famous brands such as major hotels and leisure resorts around the world had fully introduced Higold products as their core furniture supply, like Almasa hotel of Egypt and Intercontinental Hotel of Shanghai, China. Our products have frequently appeared in major international media, social platforms, and magazines. In 2021, our global exclusive agents will reach 100. Our vision of becoming one of international premium brands will be realized and rooted in people's hearts.

As a member of Higold,
I am very happy to spend a good period of my life to
work with you.

Higold relies on the top quality to promote the business development, and the top quality is achieved by the people and the management system. First of all, people are the manufacturers of products. Only excellent employees can produce top quality products. Secondly, the management system, especially for quality management, is an effective guarantee for standardized and large-scale production of products. Therefore, the company will only grow when its employees grow, and the growth of individual employees is fundamentally consistent with the development direction of the company. Innovation is the eternal source of the company's development. In order to expand the enterprise living space, in order to open up more broad development for individuals, we need to be full of passion, maintain the source power of innovation, improve work efficiency, improve the quality of work, keeping surpass ourselves always.

In the background of a company who has the core competitiveness by improving the management innovation and the process reengineering comprehensively and who has enough opportunities and space for sustainable development and strives to create a level playing field, as long as you think and work hard, learn modestly and keep improving, you will be evaluated fairly eventually. More important thing, this learning mindset itself is a key to success.

Team work spirit and strong professionalism are the source of the inexhaustible strength for a company. You will obtain better play and achieve greater achievements only when you integrate your talents into a team.

Based on the premise of a common goal and overall image, the company advocates the development of individuality and provides broad development space for employees. To win, you must first win yourself.

We Only can surpass ourselves and our rivals by continuous learning and self-reflection.

"Change" is our eternal theme, of course, "change" is also an experiment, whatever successes or failures, we will accommodate them with a broad mind.

Standing at the starting line of the new century, let's arm ourselves with a new idea and inherit the essence of our advantageous culture. Let's extend the organization culture idea which is more beneficial to the enterprise development, and Let's build the dream team of the new century.

Finally, as a representative of the company's executives, what I care more about is the feelings of employees and whether they can grow and achieve their personal dreams in our company.

At the same time, I sincerely thank you for what you have done for the company and your efforts as a member of this team, I wish you a happy work in the future!

"Italian style means sense of proportions, simplicity and harmony of line, such that after a considerable time there is still something which is more alive than just a memory of beauty."

[Battista 'Pinin' Farina]

by pininfarina

Pininfarina Extra, is part of the world-famous design house Pininfarina, whose history traces back to 1930 when the company was established by Battista Pinin-Farina, who became the most acclaimed car designer of his time. For example the Cisitalia 202 by Pininfarina (1947), was the first and only car to enter into a permanent display at the MoMA of New York, in 1961. Up to today, more than 100 Ferrari cars that have gone into production have been designed by Pininfarina.

In 1986, the third generation of the Pininfarina family created Pininfarina Extra srl to extend the design capabilities of the company, outside of the automotive sector. Over the past 30 years, Pininfarina Extra has developed more than 600 projects under the direction of its President and Chief Executive Officer, Paolo Pininfarina (now Chairman of the Pininfarina Group), and has established its own direction and a clear identity.

Today the company has ventured into a variety of commodity sectors where products bearing the Pininfarina name have won acclaim in the world's leading markets. The company attempts to blend the most advanced features of scientific, technological and engineering research with attractiveness that should accompany the things we use every day. Pininfarina Extra is a reliable and competent partner to firms wishing to use design as a strategic asset for their product development process and a tool of communication to improve their position in the market.

The main activities of the company include Industrial design (electronics, sporting goods, furniture, equipment and machinery, consumer products, graphic design and packaging), Architecture and interiors (residential, hospitality, sport and commercial structures), and Transportation design (Yachts, airplanes, private jets, people movers).

Armonia

by pininfarina

The winning combination between Pininfarina and Hifold continues through the launch of a new iconic outdoor sofa. After the successes of Bold and Onda, a new masterpiece becomes part of the Hifold by Pininfarina family.

“Armonia” has been conceived to bring the elegance of the interior environments to the outdoor spaces, creating a seamless and elegant living experience. The juxtaposition of contrasting elements is the main component around which the design language of this new sofa plays. The use of wood and braided rope gives it an artisanal and classic look, balanced by the modernity of the clean lines and the shaped body. The play of contrasts continues through the dualism between soft and rigid surfaces, full and empty spaces, modernity and past, reflecting the style of Pininfarina centered on the tradition of the new.

Dualities and contrasts, however, are not meant to create splits, but as a constant tension towards a new balance to create harmony. Finally, the use of specially designed materials allows this sofa to be enjoyed in outdoor environments in total safety and ensuring top performance against atmospheric agents without compromising aesthetics and comfort.

“Armonia” joins to the list of products designed by Pininfarina for Hifold, a collaboration born in 2017 that over the years has seen two excellences in the field of furniture give ample vent to their creative flair.

Onda

OUTDOOR FURNITURE COLLECTION DESIGNED
BY PININFARINA FOR HIGOLD

Onda was born to blend in different environments and, at the same time, to make them unique.

Being conceived for the outdoor, the Pininfarina design team took the inspiration from the dynamism, elegance and purity of the ocean waves, the empty space that is created when a wave is broken, resulting in to a hollow or tube wave (onda in Italian).

The heart of the Collection is the structure, an aluminum band sustaining the cushions and becoming the iconic element of the whole Collection. Characterized by fluid lines - as the ones of the wave - the band beyond being an aesthetic element becomes also a functional element, a rigid armrest that can be used to lean objects. The choice of the materials come from the Pininfarina 360° design experience: the aluminum - coming from the car sector - for the structure, the fabrics - used in the yachts for its resistance - for the cushions.

"We have looked at the magic of nature to give life to Onda which is distinctive and, at the same time, able to be integrated in different environments. Technology and know-how coming from different sectors make it really unique" affirms Paolo Pininfarina, Pininfarina Chairman.

"Pininfarina always brings breakthrough visions and futuristic designs to the world. The design of Onda is influenced by car design in the technology and in the use of top materials. We are sure the new revolution is ready in the outdoor furniture industry!" affirms Alwin Ou, Chairman of Higold Group.

Onda is the second project born from the collaboration between Higold and Pininfarina, after the Higold headquarters in Shunde presented in march 2017.

BY USE OF FERRARI LEATHER AND CERAMIC GLASS TOP, ONDA STANDS OUT AS ONE OF THE MOST LUXURIOUS AND FANCY MODELS IN THE FURNITURE INDUSTRY.

INSPIRED BY CAR SECTOR STRUCTURE, EMPHASIS AND EXPOSURE OF THE INTERNAL HEAVY DUTY ALUMINUM STRUCTURE PROVIDES A SENSE OF SECURITY TO THE USER, IT ALSO CREATES A DISTINCTIVE VISUAL AESTHETIC.

THE CHOICE OF THE MATERIALS COME FROM THE PININFARINA 360° DESIGN EXPERIENCE: THE ALUMINUM - COMING FROM THE CAR SECTOR - FOR THE STRUCTURE , THE FABRICS - USED IN THE YACHTS FOR ITS RESISTANCE - FOR THE CUSHIONS.

ONDA DAYBED HAS WON IF DESIGN AWARD 2020 FOR ITS ELEGANCE AND PURITY. TOP QUALITY AND ENVIRONMENTAL-FRIENDLY COATING FINISH AND BATYLINE EDEN CAN WITHSTAND ALL KINDS OF OUTDOOR CONDITIONS. ITS BACK CAN BE ADJUSTED AT MULTIPLE ANGLES TO MEET THE NEEDS OF USERS.

FACILITATED WITH LED ILLUMINATING SYSTEM, ONDA LIGHTING ACCESSORY IS A BREAKTHROUGH EITHER FROM DESIGN OR FUNCTION PERSPECTIVES.

DESIGNER

Pierrick Taillard
HIGOLD CHIEF DESIGNER

piKs design, A family affair

At piKs design, everyone's know-how and influences intersect, collide and blend. The family is their foundation; meets a creed.

Graduated from Rubika (FR. Valenciennes), Christine and Pierrick joined Sylvain - specialized in marketing - to pursue a Masters in Entrepreneurship and Innovation Management at IAE (FR. Lille) and co-founded piKs in 2005.

Coming from industrial culture and the arts, designers pay attention to both distant cultures and their daily environment.

Followers of creative eclecticism, they combine craftsmanship and industrial thinking to reinvent the relationship between user and object, while playing on a permanent reappropriation of the repertoire of forms with elegance, simplicity and pragmatism.

Salvador Dali, a Spanish surrealist artist renowned for his technical skill, precise draftsmanship and the striking and bizarre images in his work. Salvador Dali invented an infallible method to make micro-naps that revive two times, three snores. Armed with a silver spoon and a porcelain plate, he would settle down in his armchair, once he was well installed, he would close his eyes... and fall asleep. When the spoon fell, breaking the plate, it was time to wake up.

Pierrick Taillard, as an experienced designer in France, is a respected follower of Salvador Dali, and he take this method into his master piece Lisboa.

Generous in its proportions, comfortable and airy, based on a solid and elegant aluminum frame foundation, a color rope belt is emerged. This nest hand woven by the best craftsmen will impress you with its softness. It is an armchair invites you to the Mediterranean relaxation.

Under the shade of tropical trees, lie down quietly, smell the perfumes and let the birds sing.

Set on a soft and supple nest, like a caress, let the voluptuousness of its curves welcome you into its heart to transport you to your sweetest dreams, and enjoy the sweetness of a Mediterranean siesta and eat life to the fullest.

NICOLAS THOMKINS

CHIEF DESIGNER

NICOLAS THOMKINS, born in Switzerland and based in Germany, has a very large knowledge background and a strong sense of humor. He joined in Higold design team in 2014 and has completed several original designs. Among all, Airport collection, both applicable in outdoor and indoor use, has been regarded as the benchmark of new design trend in furniture industry. The initial application of Corrugated Aluminum Sheets upon furniture has attracted eyes and good compliments from abroad and home. He focuses on product details and user experience by applying ergonomics into product design. His design advocates nature, fulfills positive spirit, and contains his understanding to life and the pursuit to health. He dares to break the rules and touch the soul. His works keep leading the creative trend in the industry of outdoor furniture. The Yin Yang chair from Nicolas, merging the Chinese and Western culture, successfully attracted people's eyes and stood out among all entries, and won the best of the best Red Dot Award, one of the top design awards in the world.

AIRPORT

DESIGNED BY NICOLAS THOMKINS

AIRPORT collection is made of bend-extruded T Profile and corrugated sheet-metals (CSM) that was used by the Junkers Airplane Company of Dessau as the most suitable material to build the first and biggest fleet commercially-used planes. Corrugated sheet-metal (CSM) made of steel or aluminum has been known and mass produced all over the world to cover walls and roofs for any kind of domestically or commercially-used buildings. The corrugation in various proportions is the synonymous for longevity and a never-aging esthetic appearance, CSM is most versatile and cost-effective, production is simple and the applications are boundless. It's typical wave design that has also become the standard appearance for durable high-end travel luggage. Corrugated metal sheets are inserted into flat-metal frames like pictures. By adopting architectural proportions and elements, the Higold 'Airport' outdoor collection can be imbedded in public environments as well as in private gardens and on the terraces.

AIRPORT TROLLEY

THE DESIGN OF THE 'AIRPORT' SERVICE-TROLLEY FROM HIGOLD IS BASED ON THE ROBUST AND VERSATILE FUNCTION OF AIRLINE-TROLLEYS. THE STRUCTURE OF THIS CONTAINER IS EPOXY-COATED ALUMINUM WITH A YACHT TEAK DECK. GLASSES AND BOTTLES ARE STORED IN TELESCOPIC DRAWERS AND ICE-COOLED DRINKS REMAIN FRESH IN THE STAINLESS-STEEL CONTAINER. SWIVEL CASTORS ENSURE MOBILITY AND THE BUILT-IN LOCKING ENSURES A FIRM STAND. THE AIRPORT TROLLEY IS MULTIFUNCTIONAL, LIKE ITS RAW-MODEL. THIS PRACTICAL CONTAINER OFFERS AN ADDITIONAL WORK SURFACE IN THE KITCHEN AS WELL AS IN GARDENS AND ON TERRACES. ON ITS TEAK WORK-TOP, COCKTAILS CAN BE MIXED IN STYLE, BUT ALSO AN ESPRESSO MACHINE, OR BBQ-GRILLS CAN BE OPERATED PERFECTLY HERE.

CLINT

Normally chairs have to be as strong as they look. Clint chair does break the rule and has been stronger with a flexible structure. Both Clint chair and table have been made without any welding joint, only fixed by screws, to be more environmental-friendly. With foldable system, people can fold it to save the space and this is a best choice not only for dining but also for relaxing at terrace or balcony.

Unique Features

The overall forms are reminiscent of the great China spacecraft while also creating comfortable outdoor living structures.

Emphasis and exposure of the internal aluminium structure provides a sense of security to the user, it also creates a distinctive visual aesthetic.

Heavy duty aluminum frames provide a strong and secure structure. High quality woven wicker provides a strong solid structure and allows the users to trust fully in the end product

Ability to be stacked into complete units allows an attractive structure when not in use and makes the pieces efficient for storage.

The unit can be used as a single enclosed day bed or the units can be separated to create two open sofas with a separate coffee table and small lounger. The complete unit has the ability to be stacked for efficient transportation purposes and also to maintain space and create unique structures when the pieces are not in use.

The collection offers a full suite to satisfy every outdoor relaxation requirement, from sleeping to eating to swinging. The user is fully equipped to fully enhance and enjoy their outdoor living environments to the fullest.

A Dreamer in Space Exploration, Exploring the Secret of Nature

The inspiration of Shenzhou X comes from Shenzhou X spacecraft and its re-entry module. The design combines the idea of wide light brown wicker and exposed white coating color, which makes the frame clean and simple. Floating across the clouds, Shenzhou X is more like a sacred auto and lead people to a future outdoor lifestyle. Hung from ceiling, seen to be taking off into the sky, the openness and freedom naturally generates a different kind of beauty.

The unique design of Shenzhou X allows numerous configuration set-ups, in storage and in use. It is designed to be easily assembled and set up. The design has a special locking feature to hold the pieces securely together when in the stacked configuration. Top quality wicker, teakwood and fabrics withhold the ability to withstand outdoor conditions. When assembled, on the top you can find the coffee table and next to the coffee table is the upper weaving cover which can become a separate daybed by combining with the footstool. This completely demonstrates the idea of space-environmental protection. It runs over with warmth and sweetness when the sunshine goes across the wickers.

GENEVA

The name 'Geneva' well defines the accuracy and the standard of building up this collection. The unique feature is the good combination and setting of three elements, textile, aluminum with powdercoating and the teak. The teak has been perfectly inserted in the alum. slot of the legs. And the teak on the table top is not with regular shape, which gradually becomes narrow at the final part. The clean and exquisite finish at each corner requires very high technique. This collection also conveys a strong architectural feeling which could be very interested to designers.

WITH A GOOD COMBINATION OF THE THREE ELEMENTS: TEXTILENE, METAL FRAME AND NATURAL TEAK, GENEVA WILL DEFINITELY BUILD UP A BEAUTIFUL SCENERY AT YOUR GARDEN, TERRACE AND BALCONY.

RODEO

Inspired by the Rodeo famous sporting event in the Americas, the designer takes the elements of the rural wood, dynamic, courage and strength into the collection. The dynamic shape of the cushions follow the shape of the hat shape, brings an elegant look with softness, and the teak wood under a weathered treated process bring us power from the nature, and the rope and aluminum represents the courage and strength.

Rodeo collection brings us a unique feeling of a strong personality, hard and soft, courage and reliability, dynamism and self confidence.

EXEE

The design of Exee series is inspired by the structure of the letter "E". Exee echoes the word "Excellent" and aims at creating a "wow" furniture for all users. Currently there are patio and modular sofa sets. The application of Exee is not limited to houses, hotels and restaurants. A combination of classic black and white color scheme makes it easy to apply to different scenes.

EMOTI

Following the DIY concept as Nofi does, Emoti collection looks more bold and extensive in designs realized by massy aluminum tubes. The main body demonstrates rigidity but with soft cushions, it turns out to be much more gentle. We call it "Emoti" philosophy.

EMOTI IS NOT ONLY MODERN AND PRACTICAL BUT
ALSO SUSTAINABLE AND EMOTIONAL

THICK UPHOLSTERY AND CUSHIONS MAKE EMOTI
A VERY COMFORTABLE PIECE OF FURNITURE AND
AVAILABLE IN MANY COLORS

BEING STACKABLE AND WITH CARELESS MATERIALS,
EMOTI TEXTILENE SUNBED CAN FIT ALL KINDS OF
ENVIRONMENTS FROM HOME TO COMMERCIAL USE.
